

## FORZA Audible & Visible Voltage Detector

High Voltage & Extra High Voltage Audible and Visible Detector is a great tool to detect and sense the presence of high voltage existence. Using the telescopic retractable insulated stick, it protects the linesman and live-line worker while working in high voltage dangerous area.

This detector will generate a loud audible sound as well as highly visible bright signals generated from LED lights to alert the user of high voltage existence.

Available in seven different models, each suitable for a different range of High Voltage sensing.

Light and handy as well as easy to use and to transport makes this tester a handy tool for the live-line electrical linesman.

### Specifications

No.	Items	Electroscope Specs							
		27.5kV	35kV	66kV	110kV	150kV	220kV	330kV	500kV
1	Retracted Length (mm)	1450	600	750	750	850	850	1450	1750
2	Extended Length (mm)	6000	1500	2000	2000	3000	3000	6000	8000
3	Effective Insulated Length (mm)	4200	1100	1440	1440	2440	2440	5200	6000
4	Handle Length (mm)	800	200	400	400	500	500	800	1200
5	Sections of Telescopic Insulated Stick	5	4	4	4	5	5	6	6

### Features

- Material : fiberglass
- Loud audible sounds
- Clearly visible & Bright LEDs
- Light Weight
- Easy to use
- Packing : bag+carton
